SCARLATTI Piano Sonatas

RACHMANINOV Solo Piano Works

"Here in his eagerly awaited concerto debut on disc [Sudbin] gives us a Tchaikovsky First of spine-tingling brilliance, poetry and vivacity. This is never the Tchaikovsky you have known, but an arrestingly novel rethink with the concentration on mercurial changes of mood and direction." *Gramophone*, Editor's Choice

"An outstanding debut recording by a pianist we're definitely going to hear more from in the years to come... This is a very fine Scarlatti album, alive to the rhythmic vitality of this music, and played with quite breathtaking verve." *Gramophone*

"Yevgeny Sudbin's new Rachmaninov disc is truly wonderful. His playing is audacious, stimulating, heartfelt and utterly alive in every moment." *Stephen Hough*
